So simple, yet so forgettable... These necessities are really quite simple, yet so simple that we might forget them. Here is a quick list of the unforgettable for your trip.

First, have a good reliable car with fresh oil change, full gas tank, etc.

Have your [roadside assistance](#) numbers available for help. Have a pad of paper and a working pen for notes.

Have canned air (for tire repair), a basic toolkit, jumper cables and a flashlight with batteries.

Have change (coins and bills) for tolls and vending machines.

Have a credit card for emergencies.

Always carry a regular old fashion map, local ones are extremely helpful.

Of course, have your cellphone and its charger.

Be safe, drive careful, and stop and ask questions if you are lost.

Now get going!
